About Us

Coastal straps is a trusted manufacturer and supplier of PET and PP strapping solutions. Inspired by the strength of the coast, we deliver durable, reliable products built to secure loads across packaging and logistics industries. With a focus on performance and customer satisfaction, we ensure our straps stand up to the toughest handling and transport conditions.

Mission

To deliver reliable, High-performance strapping solutions that ensure safety and efficiency in packaging. We focus on Quality, Innovation and Customer satisfaction to help businesses secure their products with confidence.

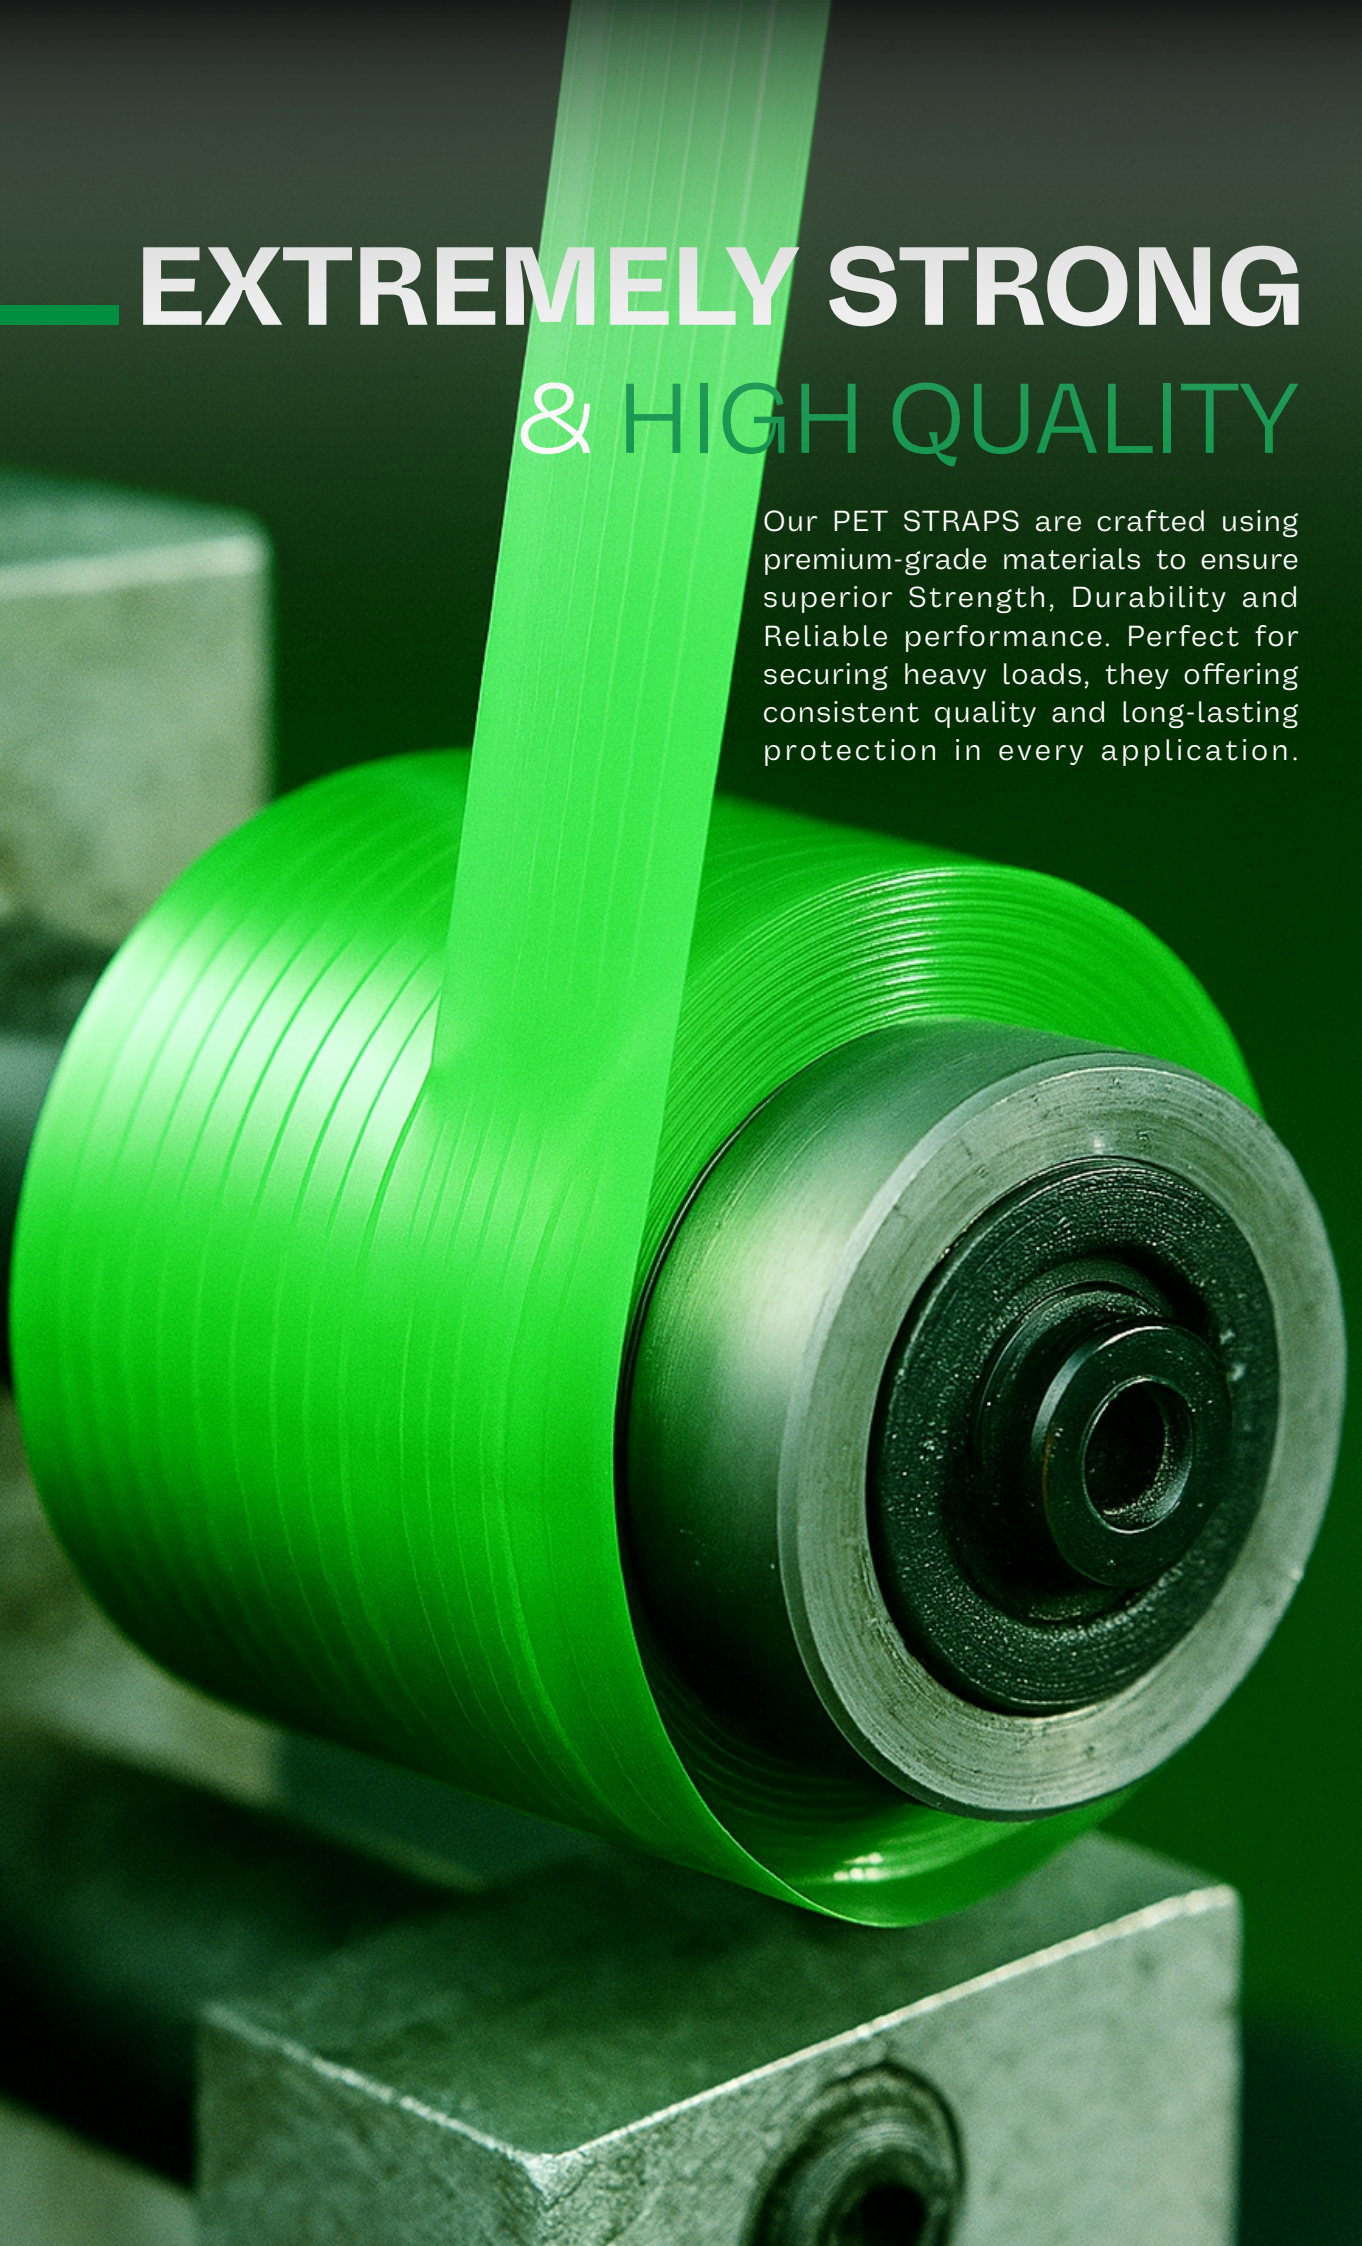

Vision

To be a globally trusted strapping brand, known for Excellence, Sustainability and Innovative packaging solutions.

EXTREMELY STRONG & HIGH QUALITY

Our PET STRAPS are crafted using premium-grade materials to ensure superior Strength, Durability and Reliable performance. Perfect for securing heavy loads, they offering consistent quality and long-lasting protection in every application.

Specification Of PET STRAP

COASTAL STRAPS TECHNICAL SPECIFICATION FOR PET STRAPPING ROLL

PET PRODUCT NO.	WIDTH X THICKNESS (mm)	BREAKING STRENGTH (kgs) (+/-5%)	LENGTH(m) /Kg	LENGTH(m)/20kg STANDARD COIL (+/-5%)
1	12.00 X 0.70	200-220	100	2000
2	12.00 x 0.80	220-250	95	1900
3	12.00 x 0.90	250- 280	90	1800
4	13.00 x 0.90	300-350	76	1520
5	15.00 x 0.70	330-370	66	1320
6	15.00 x 0.80	350-400	64	1280
7	15.00 x 0.90	380-420	63	1260
8	15.00 x 1.00	450-500	57	1140
9	16.00 x 0.80	400-450	57	1140
10	16.00 x 0.90	450- 500	54	1080
11	16.00 x 1.00	500-550	50	1000
12	19.00 x 0.80	520-580	50	1000
13	19.00 x 1.00	600-650	43	860
14	19.00 x 1.27	650-750	32	840

PP STRAPS For **Fully Automatic Machine**

Our PP STRAPS for fully automatic strapping machines are designed to deliver high-speed, consistent, and efficient performance. Available in various widths like 6mm, 8mm, 9mm, 10mm, 11mm, 12mm and premium options in 15mm, 16mm, 18mm and 19mm—with customized thickness, colors and impressive flexo printing—these straps meet diverse client requirements. Key advantages include over 50 strapping cycles per minute, optimized stiffness, smooth and dust-free operation, no splitting and a qualitative product range at competitive prices. Ideal for high-output packaging lines demanding reliability and speed.

- Elongation : Up to 12% - 15%
- Standard Colors : White, Other colors on request subject to minimum required quantity.
- Core Size Available : 203mm ID x 187mm

The above specifications apply only to virgin quality materials. We also offer economical grades with varying tolerances tailored to different specifications. Custom specifications beyond the standard range can be created upon special request, with availability subject to Bulk orders. This flexibility ensures you get the best fit for your needs while maintaining quality and value.

Please note : The embossed design may change without prior notice.

PP STRAPS For **Semi Automatic Machine**

Our PP STRAPS for semi-automatic strapping machines are available in a wide range of widths including 5mm, 6mm, 8mm, 9mm, 10mm, 11mm, 12mm, 15mm, 16mm, 18mm and 19mm. Designed for smooth and efficient operation, these straps can be customized in thickness, color, and feature high-quality flexo printing to meet the diverse needs of our clients. Ideal for medium-speed packaging operations, they ensuring secure bundling with consistent performance across various industries.
